

Year 6 Step Up 2026

Do you remember your first day at big school? Were you daunted by how large your new school seemed or maybe you felt a bit lost amongst all those teenagers at lunchtime?

Stepping up to senior school is a momentous occasion. As well as getting used to new subjects, new teachers and, of course, new schoolmates, your child will experience a new lunch routine with new food choices in a much bigger and busier environment.

To help make the transition feel exciting and important and to support our Year 6 children get ready for their new school environment, we have worked with our catering team to provide an exclusive lunch promotion called "StepUp".

Running 3 days a week from 29th June to the end of term we will be serving a range of Big School cafeteria Style dishes to give your child a "flavour" of the senior school eating experience—still healthy food, still cooked fresh for kids on the go who are getting ready to "StepUp"!

Still with desert, salad, and bread available daily, the standard meal price applies providing excellent value for money, so please book your child's meal on this once a year, very special promotion. Choose to take up 1, 2, 3 days per week and pay conveniently through your ParentPay account.

Let's make our Year 6's feel extra special this term and send them off with some good memories of their school lunch, well prepared for new experiences and new food!
